

# The ultimate chaser to your oral health routine

Odour-causing bacteria can persist in the mouths of even the most dedicated brushers and flossers. If you're struggling with stubborn bad breath, TheraBreath™ is a non-burning, alcohol-free way to fight back!

- ✓ Dentist formulated
- ✓ Clinically shown to fight bad breath for 12 hours†
- ✓ Oxygenates with the power of sodium chlorite
- ✓ Free of alcohol, sulphates, and dyes
- ✓ Slightly alkaline (pH = 8.2)

**TheraBreath™**

Dr. Harold Katz, DDS

When dentist and bacteriologist Harold Katz needed a better mouth rinse for his daughter's chronic bad breath, he created TheraBreath™ Fresh Breath oral rinses. Thirty years later, our line has grown and we now have effective and great-tasting solutions for the most common conditions.

Our purpose is to help improve oral health.
